

**NORDIC
CONFERENCE
ON
SUSTAINABLE
HEALTHCARE
2020**

OPEN CALL FOR SPEAKERS

**We are accepting proposals for presentations at the upcoming
Nordic Conference on Sustainable Healthcare 2020.**

The conference will take place the 8 September in Copenhagen at the Technical University of Denmark. This call is an opportunity to join in on the discussion on how we can lower the climate impact of the healthcare sector.

The focus of the conference is sustainability challenges and solutions in healthcare, such as:

- Energy efficiency and climate smart solutions
 - Smart healthcare and digital solutions
 - Sustainable procurement
 - Circular economy
 - Life Science and MedTech
 - Pharmaceuticals
 - Waste management
- ... and much more.

We welcome all proposals for presentations which relates to sustainability in healthcare and how we can reduce the climate impact of the sector. Speakers do not pay any participation fee at the conference.

Read more and submit your proposal for a presentation already today!
